

Naming of the buses

We've named the three new **Sherwood shuttle** buses after three people who have benefited their local community over a long period of time.

Their names appear on the side of the buses by the entrance door and again inside.

The **Sherwood shuttle** service is part of the daily life of the community and an important lifeline for those without their own transport.

We are pleased to acknowledge the efforts of Jenny Bays for her voluntary work in and for the community over a period of 30 years, of Keith Marden, the Head Teacher of Sherwood Park Community Primary School for over 20 years and of the Reverend Brian Senior who has been vicar of St. Philip's Church for over 10 years.

This *Sherwood shuttle* bus is named

Jenny Bays

in appreciation of her voluntary work in and for the Sherwood community for over thirty years.
